GLADSTONE and ADVERTISING

Gladstone once defined advertising as the marvelous power of constant reiteration.

That happy phrase offers an explanation of the wonderful power of the newspaper as a business-builder. The power of reiteration continued from day to day is possessed by the newspaper alone among advertising media.

It is read by every member of the family. It is possible for a business to have its name and its appeal before the people all

They grow to know it Whenever they have a want besupplied they turn to the seded article which they have known through newspaper ad-vertising as naturally as they would turn to an old friend.

The Bureau of Advertising, American Newspaper Publishers Association, World Building, New York, wants to help general advertisers to use newspa-per advertising to better advan-tage. Correspondence is sol-
